SCOPE

This pocket guide is intended for use by trained SINCGARS Ground ICOM radio Operators.

It covers Operator tasks and provides flow charts showing steps required to perform Operator functions. It serves as a handy memory Jogger to help trained Operators follow required procedures.

It also provides guidance on how to respond to Jamming and an Operator Troubleshooting Checklist.

Whenever more information is needed, or when performing Pre-Mission Checks, refer to the Operator's Manual (TM 11-5820-890-10-1).

This manual supersedes TM 11-5820-890-10-2, dated 1 March 1988
