REPORTING ERRORS AND RECOMMENDING IMPROVEMENTS

You can help improve this manual. If you find any mistake or if you know of a way to improve the procedures, please let us know. Mail your letter, DA Form 2028 (Recommended Changes to Publications and Blank Forms), or DA Form 2028-2 located in the back of this manual direct to: Commander, U. S. Army Troop Support Command, ATTN: AMSTR-MCTS, 4300 Goodfellow Boulevard, St. Louis, MO 63120-1798. A reply will be furnished directly to you.

TABLE OF CONTENTS

		Listing Page	Illus Figure
SECTION I.	INTRODUCTION	1	
II.	REPAIR PARTS LIST	7	
Group 1.	Power Plant Accessory Components.....	7	
	Dual water hose assembly		1
	Water supply and drain hose assembly		2
	60 Hz and 400 Hz power cable assembly, and ground rod		3
	Fuel filter/separator, liquid fuel hose assemblies.....		4
	Remote power cable assembly and adapter		5
	DC power cable assembly.....		6
	External DC power cable assembly.....		7
	External battery DC power cable assembly		8
	Water recirculating hose assembly		9
	Vacuum hose assembly		10

	Compressed air hose assembly	11
	Anti-icing hose assembly	12
Group 2.	Inflation Ejector Assembly	31
	Inflation ejector assembly	13
Group 3.	Condenser Fan Assembly	33
	Condenser fan mounting components.....	14
	Condenser fan assembly	15
Group 4.	Recirculating Fan Assembly.....	37
	Recirculating fan mounting components	16
	Recirculating fan assembly	17
Group 5.	Instrument Panel Assembly	41
	Instrument panel, meters	18
	Instrument panel, lights, switches and circuit breakers.....	19
	Instrument panel, lamps and switches	20
	Instrument panel, rotary switches.....	21
	Control panel wiring harness	22
Group 6.	Air Conditioning Panel Assembly	53
	Air conditioning panel assembly relays	23
	Air conditioning panel assembly, lights and circuit breakers	24
	Air conditioning panel assembly, wiring harness mounting components.....	25
	Air conditioning panel wiring harness, AC power	26
	Air conditioning panel wiring harness, AC power	27
	Air conditioning panel wiring harness, DC power	28
	Air conditioning panel wiring harness, compressor	29
	Air conditioning panel wiring harness, compressor	30
	Air conditioning panel wiring harness, remote fan	31
	Air conditioning panel wiring harness, condenser fans	32
	Air conditioning panel wiring harness, recirculating fans	33
	Air conditioning panel wiring harness, remote power	34
	Air conditioning panel electrical leads.....	35
Group 7.	Auxiliary Power Tray Assembly.....	79
	Auxiliary power tray assembly.....	36
	Auxiliary power tray wire harness, auxiliary power	37
	Auxiliary power unit branched wiring harness, No.1	38
	Auxiliary power unit branched wiring harness, No.2	39
Group 8.	Receptacle Panel Assembly	87
	Receptacle panel assembly, panel lights, terminal boards and cir- cuit breakers.....	40
	Receptacle-panel assembly, by-pass capacitors and mounting components.....	41
	Receptacle panel assembly, by-pass capacitors and circuit breakers	42
	Receptacle panel wire harness	43
	Receptacle panel wire harness, water line heaters.....	44
	Receptacle panel wire harness, upper power unit, 60 Hz output	45
	Receptacle panel wire harness, upper power unit, 400 Hz output	46
	Receptacle panel wire harness, lower power unit, 400 Hz output	47

	Receptacle panel wire harness, DC standby	48
	Receptacle panel cable assembly, slave receptacle	49
	Receptacle panel wire harness, 60 Hz output.....	50
	Receptacle panel wire lead assemblies.....	51
Group 9.	Air Conditioning and Heat Control Panel	113
	Air conditioning and heat control panel	52
	Air conditioning and heat control panel wiring harness	53
Group 10.	Power Plant Electrical Installation Wiring Harness	117
	Power plant electrical installation, panel mounting components	54
	Power plant electrical installation, batteries, terminal board and harness mounting components	55
	Power plant electrical installation, heat valves and remote power harness mounting components.	56
	Power plant electrical installation, air blockage switch and DC power harness mounting components.....	57
	Power plant electrical installation, compressor harness mounting components.....	58
	Power plant electrical installation, recirculating fan harness mounting components.....	59
	Power plant electrical installation, recirculating fan harness mounting components and remote cable adapter.....	60
	Power plant electrical installation, by-pass capacitors and mounting components	61
	Power plant electrical installation, water pump and condenser fan harness mounting components	62
	Power plant electrical installation, condenser fan and anti-ice thermostat harness mounting components.....	63
	Power plant electrical installation, thermal switch and air conditioning harness mounting components.....	64
	Power plant electrical installation, terminal board and air conditioning harness mounting components.....	65
	Power plant electrical installation, temperature sensor harness mounting components.....	66
	Power plant electrical installation, water system and recirculating fan harness mounting components	67
	Power plant electrical installation, switch and DC power harness mounting components.....	68
	Power plant electrical installation, temperature sensor harness mounting components	69
	Power plant electrical installation, DC power harness mounting components.....	70
	Electrical installation wire harness, 400 Hz auxiliary power	71
	Electrical installation wire harness, AC power	72
	Electrical installation wire harness, battery	73
	Electrical installation wire harness, remote power	74
	Electrical installation wire harness, DC power	75
	Electrical installation wire harness, DC power branched	76
	Electrical installation wire harness, temperature sensors	77
	Electrical installation wire harness, recirculating fans	78
	Electrical installation wire harness, recirculating fans	79
	Electrical installation wire harness, recirculating fan	80
	Electrical installation wire harness, compressor and exhaust fans.....	81
	Electrical installation wire harness, DC power branched	82

	Electrical installation wire leads	83
	Electrical installation wire harness, compressor	84
	Electrical installation wire harness, heat valves	85
	Electrical installation wire harness, compressor	86
	Electrical installation wire harness, compressor	87
	Electrical installation wire harness, air conditioning system	88
	Electrical installation wire harness, condenser fans	89
	Electrical installation wire harness, condenser fans	90
	Electrical installation wire harness, air conditioning system	91
	Electrical installation wire harness, temperature sensors	92
	Electrical installation wire harness, anti-ice thermostats	93
	Electrical installation wire harness, water system power unit ...	94
	Electrical installation wire harness, water pump	95
	Electrical installation wire harness, water pump	96
Group 11.	Refrigeration Plumbing Installation	203
	Refrigeration plumbing installation, condenser mounting components.....	102
	Refrigeration plumbing installation, liquid Refrigerant receiver	103
Group 14.	Water System Plumbing Installation	207
	Water system plumbing installation, heat exchanger	106
	Water system plumbing installation, water pumps and inlet-outlet connection panel.....	107
	Water system plumbing installation, hot water and surge tank .	108
Group 15.	Pump Assembly, Cold Water	215
	Electrical motor driven centrifugal pump, cold water	109
Group 16.	Pump Assembly, Hot Water.....	217
	Electrical motor driven centrifugal pump, hot water	110
Group 17.	Bleed Air and Exhaust Heating Installation.....	219
	Bleed air and exhaust heating installation, solenoid valve	111
	Bleed air and exhaust heating installation, venturi	112
	Bleed air and exhaust heating installation, butterfly valve	113
	Bleed air and exhaust heating installation, heat exchanger	114
	Bleed air and exhaust heating installation, exhaust box	116
	Bleed air shutoff valve	116
	Hot air shutoff valve	118
	Jumper assembly and actuator	120
	Normally closed solenoid operated shutoff.....	121
Group 18.	Compressed Air and Vacuum System.....	237
	Vacuum system installation	122
Group 19.	Engine and Skid Assembly	239
	Engine and skid assembly, fuel, tank, oil filter and tank	123
	Engine and skid assembly, generator mounting components ..	124
	Engine and skid assembly, engine mounting components	125
	Fuel boost pump and motor	126
	Fuel boost pump and motor	127
	Fuel float tank assembly	128
	Upper electrical power chassis assembly, transformer, regulator, relay and panel mounting components.....	129

	Upper electrical power chassis assembly, battery charger and relay mounting components.....	130
	Wiring harness assembly, upper electrical power chassis	131
	Battery charger assembly	132
	AC, 400 Hz voltage regulator	137
	Lower electrical power chassis assembly	139
	Lower electrical power chassis assembly mounting components	140
	Engine and skid assembly electrical installation	141
	Engine and skid electrical leads.....	142
	Wiring harness, support frame, branched.....	143
	Wiring harness, power	144
	Wiring harness, engine skid	145
	Wiring harness, battery charger	146
	Plumbing installation, engine and skid, fuel lines	155
	Plumbing installation, engine and skid, fuel bleed and oil tank lines	166
	Plumbing installation, engine and skid, oil cooler and air lines	157
	Oil temperature regulator assembly	158
	Gas turbine pneumatic and shaft power engine assembly, accessory mounting components.....	159
	Gas turbine pneumatic and shaft power engine assembly, drive and gear case mounting component.	10
	Filter type differential air pressure regulator assembly	162
	Engine plumbing installation, shutoff valve tubing and mounting components	163
	Engine plumbing installation, oil lines	164
	Engine plumbing installation, fuel lines	165
	Engine wiring harness, mounting components	166
	Engine wiring harness.....	167
	Shutoff valve	168
	Accessory cooling fan assembly	171
	Fuel control assembly	172
	Oil pump assembly	174
	Centrifugal multi-speed switch assembly	176
	Load control thermostat	176
	Pneumatic control thermostat	177
	Electrical engine starter assembly.....	178
	Combustion chamber fuel atomizer assembly.....	184
Group 20.	Enclosure Assembly	321
	Fire extinguisher.....	192
	Inlet air duct, air separator and power unit filter.....	193
	Enclosure hoses, tubes and fittings	194
	Labels, decals and data plates	195
	Stowage decals	196
	Ducts and couplings.....	197
	Straps, covers, and retainers	198
	Enclosure assembly, front engine compartment panel and access door	201
SECTION III.	SPECIAL TOOLS LIST	337
Group 22.	Special Tools.....	
	Special tools, swaging tools, stand and engine analyzer	232
	Special tools, tools and test fixtures.....	238
	Special tools, sling, punches, dies and hose kit.....	246
SECTION IV.	NATIONAL STOCK NUMBER AND PART NUMBER INDEX...	343

Section I. INTRODUCTION

1. Scope.

This manual lists repair parts, special tools, test, measurement, and diagnostic equipment (TMDE), and other support equipment required for operation and performance of organizational maintenance of the Utility Power Plant (MUST).

2. General.

a. Section II Repair Parts List. A list of repair parts authorized for use in the performance of maintenance. The list also includes parts which must be removed for replacement of the authorized parts. Parts lists are composed of functional groups in ascending numerical sequence, with the parts in each group listed in figure and item number sequence. Bulk materials are listed in NSN sequence, as the last group in Section II.

b. Section III Special Tools List. A list of special tools, TMDE, and support equipment authorized for the performance of maintenance, at the organizational level.

c. Section IV National Stock Number and Part Number Index. A list, in ascending numerical sequence, of all National Stock Numbers appearing in the listings, followed by a list, in alphanumeric sequence, of all part numbers appearing in the listings. National Stock Number and part numbers are cross-referenced to each illustration figure and item number appearance.

3. Explanation of Columns.

The following provides an explanation of columns found in the tabular listings:

a. Illustration. This column is divided as follows:

(1) Figure Number. Indicates the figure number of the illustration in which the item is shown.

(2) Item Number. The number used to identify each item called out in the illustration.

b. Source, Maintenance, and Recoverability Codes (SMR).

(1) Source Code. Source codes are assigned to support items to indicate the manner of acquiring support items for maintenance, repair, or overhaul of end items. Source codes are entered in the first and second positions of the Uniform SMR Code format as follows:

Code	Definition
PA	Item procured and stocked for anticipated or known usage.
PB	Item procured and stocked for insurance purpose because essentiality dictates that a minimum quantity be available in the supply systems.
PC	Item procured and stocked and which otherwise would be coded PA except that it is deteriorative in nature.
PD	Support item, excluding support equipment, procured for initial issue or outfitting and stocked only for subsequent or additional initial issues or outfittings. Not subject to automatic replenishment.
PE	Support equipment procured and stocked for initial issue or outfitting to specified maintenance repair activities.
PF	Support equipment which will not be stocked but which will be centrally procured on demand.
PG	Item procured and stocked to provide for sustained support for the life of the equipment. It is applied to an item peculiar to the equipment which, because of probable discontinuance or shutdown of production facilities, would prove uneconomical to reproduce at a later time.
KD	An item of a depot overhaul/repair kit and not purchased separately. Depot kit defined as a kit that provides items required at the time of overhaul or repair.
KF	An item of a maintenance kit and not purchased separately. Maintenance kit defined as a kit that provides an item that can be replaced at organizational or intermediate levels of maintenance.
KB	Item included in both a depot overhaul/ repair kit and a maintenance kit.
MO	Item to be manufactured or fabricated at organizational level.
MF	Item to be manufactured or fabricated at the direct support maintenance level.
MH	Item to be manufactured or fabricated at the general support maintenance level.
MD	Item to be manufactured or fabricated at the depot maintenance level.
AO	Item to be assembled at organizational level.
AF	Item to be assembled at direct support maintenance level.
AH	Item to be assembled at general support maintenance level.
